Object	Date	Time	Seeing	Trans.	Location	Equipment	Description
NGC 2451	3/12/2010	19:27	OK	OK	Deer Trail, CO - Moderately Dark skies.	20x80 Binoculars	About 20 stars of 2-3 magnitudes surround a very bright blue-white star. Pretty open and diffused.
NGC 2477	3/12/2010	19:27	OK	OK	Deer Trail, CO - Moderately Dark skies.	20x80 Binoculars	To lower left of NGC 2452 is this large, round, soft glow with a hint of member stars seen.
NGC 2546	3/12/2010	19:39	OK	OK	Deer Trail, CO - Moderately Dark skies.	20x80 Binoculars	About 20 faint stars. Fairly compact and circular in shape.
NGC 2627	3/12/2010	19:39	OK	OK	Deer Trail, CO - Moderately Dark skies.	20x80 Binoculars	To lower right of a bright field star and inside a triangle of 3 stars is this faint, round glow of this open cluster.
NGC 5128	5/12/2010	1:19	OK	OK	Texas Star Party. Ft Davis, Tx. Dark skies.	20x80 Binoculars	Nice, large round glow.
NGC 5139	5/12/2010	1:19	OK	OK	Texas Star Party. Ft Davis, Tx. Dark skies.	20x80 Binoculars	Nice, large round glow.
NGC 5286	5/12/2010	1:19	OK	OK	Texas Star Party. Ft Davis, Tx. Dark skies.	20x80 Binoculars	Small round glow.
NGC 5460	5/12/2010	1:19	OK	OK	Texas Star Party. Ft Davis, Tx. Dark skies.	20x80 Binoculars	Glow where open cluster is.
NGC 6124	5/12/2010	2:41	OK	OK	Texas Star Party. Ft Davis, Tx. Dark skies.	20x80 Binoculars	A nice large knot of stars with member stars easily seen.
NGC 6231	5/12/2010	2:41	OK	OK	Texas Star Party. Ft Davis, Tx. Dark skies.	20x80 Binoculars	A small knot of stars with member stars easily seen.
NGC 6134	5/12/2010	3:14	OK	OK	Texas Star Party. Ft Davis, Tx. Dark skies.	20x80 Binoculars	Larger, almost round glow.
NGC 6167	5/12/2010	3:14	OK	OK	Texas Star Party. Ft Davis, Tx. Dark skies.	20x80 Binoculars	Small, very dim glow.
NGC 6152	5/12/2010	3:14	OK	OK	Texas Star Party. Ft Davis, Tx. Dark skies.	20x80 Binoculars	Medium sized round glow.
NGC 6352	5/12/2010	3:48	OK	OK	Texas Star Party. Ft Davis, Tx. Dark skies.	20x80 Binoculars	Ghostly very faint circular glow.
I 4651	5/12/2010	3:55	OK	OK	Texas Star Party. Ft Davis, Tx. Dark skies.	20x80 Binoculars	Looks like a small circular ghost patch of light.
Harvard 13	5/12/2010	3:55	OK	OK	Texas Star Party. Ft Davis, Tx. Dark skies.	20x80 Binoculars	Extremely faint glow in area open cluster should be.
NGC 6541	5/12/2010	3:55	OK	OK	Texas Star Party. Ft Davis, Tx. Dark skies.	20x80 Binoculars	Looks like a globular. Round with center brighter than edges.
NGC 2547	1/23/2012	23:30	Fair	Fair	Commanche Springs Astronomy Center, Crowell, TX - Dark Skies	10x35 Binoculars	7 bright blue white stars. Big and very loose.
NGC 2670	1/23/2012	23:35	Fair	Fair	Commanche Springs Astronomy Center, Crowell, TX - Dark Skies	10x35 Binoculars	A noticeable, easy to see round glow. Looks like a comet.
NGC 2395	1/23/2012	23:40	Fair	Fair	Commanche Springs Astronomy Center, Crowell, TX - Dark Skies	10x35 Binoculars	Dimmer. 7 – 10 stars surrounds a bright, blue white star. A bit compact.
NGC 1851	3/11/2012	19:56	OK	OK	Deer Trail, CO - Moderately Dark skies.	20x80 Binoculars	Bright, easy to see. Tiny. Looks like an out of focus star in FOV. Other stars in FOV are pin points. Brighter core area and bit of dim halo around it.
