Michael A. Hotka  
Boulder Astronomy & Space Society

Dear Michael,

Enclosed please find your Universe Sampler Club certificate and pin. Congratulations on completing the Telescope program. I am pleased that you enjoyed the variety offered by the program.

You should be very proud of your accomplishment and I do hope that you are continuing to observe using the League's programs. There are so many different programs to choose from, I'm sure you will find something that interests you.

Again, congratulations and keep up the good work.

Sincerely,

Amelia Goldberg
